

Ballistic and Fragmentation Blanket

Overview

A lightweight and portable ballistic and fragmentation resistant blanket. The blanket can be configured in any shape or size; and can be easily folded over, or placed on top of any ballistic threat.

Bomb Blanket gives emergency protection against blasts and fragments in the event of an explosive device detonating before it can be neutralized. It is quick and effective against most pipe bombs, hand grenades and fragments caused by pressure or electrical explosions.

Standard Features

- Removable ballistic panels
- Carrying handles
- Washable outer covers

Standard Sizes

- 1m x 1m
- 1mx 1.5m
- 1.5m x 1.5m
- 2m x 2m
- 2mx 4m

Colors

Red, Black, Blue, Olive Drab

Options / Accessories

- Safety Ring
- Carrier bag

Protection Levels

- National Institute of Justice (NIJ)*
- V50 (Fragmentation Resistance)
